Website: vahidaliyev.com

Summary

Frontend & Full-Stack Developer currently pursuing a **Master's degree in Computer Science** with a strong passion for building modern, scalable, and **AI-powered web applications**. Experienced in developing responsive user interfaces, designing **RESTful APIs**, integrating third-party services, and deploying production-ready applications. Developed multiple end-to-end full-stack projects using **React, Next.js, TypeScript, Node.js, Express.js, MongoDB**, and **OpenAI APIs**. Passionate about clean architecture, intuitive user experiences, and continuous learning. Seeking opportunities to contribute to high-impact engineering teams while expanding expertise in modern software development and artificial intelligence.

Work Experience

Frontend AI Engineer Intern

FlyRank AI

July 2026 – Present, Remote

- Built AI-powered web features by integrating Large Language Model APIs into full-stack applications.
- Worked with prompt engineering techniques to generate structured and reliable AI responses.
- Integrated frontend interfaces with backend AI services using REST APIs.
- Improved application usability by designing intuitive user experiences for AI-driven workflows.

Frontend Developer Intern

Software Village

May 2026 – July 2026, Remote

- Collaborated with a development team on practical software projects using Agile and Scrum principles.
- Worked in sprint-based cycles, contributed to task planning and delivery, shared progress with the team.
- Strengthened real-world development, communication, and problem-solving skills.

Frontend Developer Trainee

YUP Technology

May 2024 – September 2026, On-site Baku, Azerbaijan

- Built practical frontend projects with HTML, CSS, JavaScript, and React in a project-based training environment.
- Worked with Git, responsive design, reusable components, debugging, and collaborative development workflows.

Education

• **Master's Degree in Computer Science** - VIZJA University, Warsaw, Poland | 2024 - 2026

• **Bachelor's Degree in Law** - Baku State University, Baku, Azerbaijan | 2020 - 2024

Professional Skills

Programming Languages: JavaScript (ES6+), TypeScript, SQL (Basic)

Frontend: React, Next.js, HTML5, CSS3, Tailwind CSS, Responsive Design, Framer Motion, Vite, React Router

Backend: Node.js, Express.js, REST APIs, JWT Authentication, Firebase Authentication, Socket.IO

Databases: MongoDB, MongoDB Atlas, Mongoose

AI & APIs: OpenAI API, Prompt Engineering, REST API Integration, TMDB API, News API, OpenWeather API

Tools: Git, GitHub, Postman, Vercel, Render, VS Code, npm, Figma

Languages: English (B2), Azerbaijani (Native), Turkish(C1).

Selected Projects

AI Smart Application System — AI-powered recruitment platform using OpenAI, React, Node.js and MongoDB.

AI Code Review App — Full-stack application providing AI-generated code analysis and improvement suggestions.
